The colours black and white have for centuries represented inimitable luxury and unparalleled glamour. Think of tuxedos and little black dresses, or beautifully styled interiors featuring a mix of high white period ceilings and black, mid-century modern furniture. Designers have known about the power of this impeccable pairing for years, and these monochromatic tones are again at the forefront of international design. "The gripping story of Richard Williams, the father who raised and trained two of the greatest women in sports, Venus and Serena. He achieved greatness in spite of hardship and disadvantages to become a successful businessman, family man and tennis coach"-- "Begin by exploring the illustrious history and tradition of black-and-white photography, to better understand its unique aesthetics and aptly apply them to your own creative work. Then study the particular advantages that digital photography brings to the equation--from how the technology works, to the best and most up-to-date post-production software, and all the specialized techniques and processes in between. Finally, learn to think in black and white by considering the numerous interpretations that each scene presents, and set about achieving your precise creative vision with skill and competency"--Provided by publisher.
