Also consists of numerous tips and tools to improve problem solving techniques for any exam paper. Our book can also help in providing a comprehensive overview of important topics in each subject, making it easier for students to solve for the exams. A methodological textbook on autoethnography should be easily distinguishable from the standard methods text. Carolyn

Ellis, the leading proponent of these methods, does not disappoint. She weaves both methodological advice and her own personal stories into an intriguing narrative about a fictional graduate course she instructs. In it, you learn about her students and their projects and understand the wide array of topics and strategies that fall under the label autoethnography. Through Ellis's interactions with her students, you are given useful strategies for conducting a study, including the need for introspection, the struggles of the budding ethnographic writer, the practical problems in explaining results of this method to outsiders, and the

moral and ethical issues that get raised in this intimate form of research. Anyone who has taken or taught a course on ethnography will recognize these issues and appreciate Ellis's humanistic, personal, and literary approach toward incorporating them into her work. A methods text or a novel? The Ethnographic 'I' answers yes to both. The Fight for the Galaxy is On! Earth's Posleen invasion is contained^{3/4}at a huge cost in human blood and anguish. Now hard-nosed commander Mike O'Neal discovers that he's saved our world only to unwittingly lead humanity into slavery. It's another twist of the knife in the human back

courtesy of those wannabe Masters of the Universe, the Darhel. But the Darhel are about to experience an even nastier revelation of their own. For there are other universes^{3/4}universes with occupants so ravenous they make the Posleen horde seem like a Boy Scout troop. Occupants with the mind-bending power to open a door between realities^{3/4}and invade a certain double-spiral galaxy like the plague! As war turns to rout and slaughter, the Darhel have no choice but to beg the one man who hates them more than anything to lead the counter-attack. General O'Neal, welcome to your destiny. The galaxy that betrayed you is now

depending on you for salvation! At the publisher's request, this title is sold without DRM (Digital Rights Management). At long last ^{3/4}the latest and greatest entry in military SF master John Ringo's groundbreaking "Posleen War" series, and a direct sequel to his New York Times best-seller Hell's Faire. "If Tom Clancy were writing SF, it would read much like John Ringo." ^{3/4}Philadelphia Weekly Press. "[Combines] fast-moving battle scenes with vignettes of individual courage and sacrifice." ^{3/4}Library Journal on New York Times and USA Today best-seller John Ringo's "Posleen War" saga.
