Trance-Migrations Oct 09 2020 Listen to what I am about to tell you: do not read this book alone. You really shouldn't. In one of the most playful experiments ever put between two covers, every other section of *Trance-Migrations* prescribes that you read its incantatory tales out loud to a lover, friend, or confidant, in order to hypnotize in preparation for Lee Siegel's exploration of an enchanting India. To read and hear this book is to experience a particular kind of relationship, and that's precisely the point: hypnosis, the book will demonstrate, is an essential aspect of our most significant relationships, an inherent dimension of love, religion, medicine, politics, and literature, a fundamental dynamic between lover and beloved, deity and votary, physician and patient, ruler and subject, and, indeed, reader and listener. Even if you can't read this with a partner—and I stress that you certainly ought to—you will still be in rich company. There is Shambaraswami, an itinerant magician, hypnotist, and storyteller to whom villagers turn for spells that will bring them wealth or love; José-Custodio de Faria, a Goan priest hypnotizing young and beautiful women in nineteenth-century Parisian salons; James Esdaile, a Scottish physician for the East India Company in Calcutta, experimenting on abject Bengalis with mesmerism as a surgical anesthetic; and Lee Siegel, a writer traveling in India to learn all that he can about hypnosis, yoga, past life regressions, colonialism, orientalism, magic spells, and, above all, the power of story. And then there is you: descending through these histories—these tales within tales, trances within trances, dreams within dreams—toward a place where the distinctions between reverie and reality dissolve. Here the world within the book and that in which the book is read come startlingly together.

It's one of the most creative works we have ever published, a dazzling combination of literary prowess, scholarly erudition, and psychological exploration—all tempered by warm humor and a sharp wit. It is informing, entertaining, and, above all, mesmerizing.

Tiger Battalion 507 Sep 19 2021 A personal history of a Nazi battalion's experiences on the Eastern and Western fronts of WWII, told through the vivid accounts of the soldiers themselves. This is the little-known story of Heavy Panzer (Tiger) Battalion 507. Helmut Schneider, himself a veteran of the battalion, sought out as many survivors of the unit as possible and gather their reminiscences. The resulting account is a treasure trove of first-hand material, including personal memories, diaries, letters, leave passes, wartime newspaper cuttings, Wehrmacht bulletins, and more than 160 photographs. The account follows the unit from its formation in 1943 to the catastrophic events on the Eastern Front and battles on the Western Front. It describes engagements against the American 3rd Armored Division, the confusion and panic of retreat, and Soviet captivity in the closing stages of the war. Honest and unflinching, this collection of autobiographies offers a glimpse into life in Hitler's panzer division.

Divine Knowledge Dec 11 2020 In an original and compelling examination of traditional mathematics, this comprehensive study of the anonymous Manual of Mongolian Astrology and Divination (published by A. Mostaert in 1969) takes on the fundamental problem of the post-enlightenment categorization of knowledge, in particular the inherently problematic realms of religion and science, as well as their subsets, medicine, ritual, and magic. In the process of elucidating the rhetoric and logic shaping this manual the author reveals not only the intertwined intellectual history of Eurasia from Greece to China but also dismantles many of the discourses that have shaped its modern interpretations.

A One Way Ticket to India Aug 07 2020 I quit my job after eight years. A few days later, I bought a one way ticket to India with no plans on what to do or when to return. I brought a folding bike, a few days clothes, backpack, laptop and a brand

new DSLR camera. I set out for an adventure on the other side of the world, and I had one. Along the way, I scooted through a monsoon, rode the trains, got lost, was adopted into a family, saved a woman from being robbed and had many other adventures.

A World after Liberalism Nov 21 2021 A bracing account of liberalism's most radical critics, introducing one of the most controversial movements of the twentieth century In this eye-opening book, Matthew Rose introduces us to one of the most controversial intellectual movements of the twentieth century, the "radical right," and discusses its adherents' different attempts to imagine political societies after the death or decline of liberalism. Questioning democracy's most basic norms and practices, these critics rejected ideas about human equality, minority rights, religious toleration, and cultural pluralism not out of implicit biases, but out of explicit principle. They disagree profoundly on race, religion, economics, and political strategy, but they all agree that a postliberal political life will soon be possible. Focusing on the work of Oswald Spengler, Julius Evola, Francis Parker Yockey, Alain de Benoist, and Samuel Francis, Rose shows how such thinkers are animated by religious aspirations and anxieties that are ultimately in tension with Christian teachings and the secular values those teachings birthed in modernity.

Waylander Aug 26 2019 All of Waylander's instincts had screamed at him to spurn the contract from Kaem the cruel, the killer of nations. But he had ignored them. He had made his kill. And even as he went to collect his gold, he knew that he had been betrayed. Now the Dark Brotherhood and the hounds of chaos were hunting him, even as Kaem's armies waged war on the Drenai lands, intent on killing every man, woman, and child. The Drenai soldiers were doomed to ultimate defeat, and chaos would soon reign. Then a strange old man told Waylander that the only way to turn the tide of battle would be for Waylander himself to retrieve the legendary Armor of Bronze from its hiding place deep within a shadow-haunted land. He would be hunted. He was certain to fail. But he must try, the old man commanded--commanded in the name of his son, the king, who had been slain by an assassin... Waylander

was the most unlikely of heroes--for he was a traitor, the Slayer who had killed the king... *Los Angeles Magazine* Apr 14 2021 Los Angeles magazine is a regional magazine of national stature. Lickety-Split Feb 10 2021 Lickety-Split I A Novel From Nebraska. By J. Gordon Schrempp. Sometimes fiction's appeal is its ability to carry us to worlds known and unknown giving us an escape from the boredom or pressures of daily life. At other times, fiction is at its very best when it takes us to territories we know intimately. It provides us with a mirror, giving us insight into our own lives and takes us back to our own past and uncovers deeply buried conflicts and desires long forgotten. This is what Dean Arnold the main character of Lickety-Split does for the reader. It is through his character that the reader can connect with his past. Through a brilliant character portrayal, Schrempp a first time author, manages to illuminate our own past and take us to areas long buried in our consciousness. Areas many of us would like to relive or in some cases hope to forget. Dean Arnold lives on a farm in Northeastern Nebraska with his parents and two brothers. Although the setting of this character driven novel is in the early 50's the story is timeless. Dean spends a great deal of time and nervous energy coping with a dominating alcoholic father, the fear of a depraved school bully, and the baffling experience of a blossoming first love. The latter, resides mostly in his imagination. To escape reality Dean finds solace in a giant sycamore tree on highway 20

where he watches traffic heading east to Chicago and west to California. It is here where his imagination soars and all his conflicts dissolve temporarily. The passing humanity on Highway 20 gives him hope and a vision for a better existence. When his whiskey-drinking father decides to sell the farm to buy Becker's Bar in Wynot, his world is driven deeper into chaos. The bizarre characters he meets in the Bar alter his attitude and give him experiences with the seamy side of life. Here, in a strange way, he finds the relief he desires. He learns that alcohol can give him temporary relief but he only falls deeper into trouble. Salvation comes from a boxer turned priest at the local Catholic Church where Dean is a mass server. Father Logue takes him under his wing and begins to teach him basic lessons in boxing to give him a sense of self-esteem that he hopes will build the confidence he lacks and a belief that happiness and pride come from within one's self. Just as Dean's confidence begins to build he accidentally discovers a dark and heinous secret in the priest, the one man he was just beginning to trust. This discovery comes just about the time his younger brother Ernie dies of leukemia. Although leukemia was the disease that killed him it was pneumonia that brought it on. Two weeks prior to his death, Dean had taken Ernie on a motorcycle ride in the cool morning air. His mother, Elizabeth, out of sadness at the loss of her beautiful son blames part of his death on Dean. This final disgrace is the last straw for Dean. When school gets out for the summer Dean feels he needs to escape. His dad is consumed with keeping the bar business going (with the death of her beloved son his wife stopped cooking meals for customers) and the death of Ernie. These circumstances give Dean the power he needs to make some plans. A visit to his sycamore tree gives him a solution. He knows what he has to do. Schrempp allows his

readers, through Dean to explore what can happen when desperation in its darkest form gives way to solutions that can be lived with and once found give us hope and a measure of joy.

Write What You Don't Know is a friendly manual for aspiring screenwriters. It encourages you to move beyond your comfort zones in search of stories. We all write what we know - how could we not? Writing what you don't know and doing it in an informed and imaginative way is what makes the process worthwhile. Hoxter draws on his wealth of experience teaching young film students to offer help with every aspect of the writing process, including how we come up with ideas in the first place. Light hearted and full of insight into the roundabout way film students approach their scripts, it also discusses the important issues like the difference between stories and plots and what your characters should be doing in the middle of act two. Write What You Don't Know contains examples and case studies from a wide range of movies, both mainstream and alternative such as The Virgin Spring, Die Hard, The Ipcress File, For The Birds, (500) Days of Summer, Juno, Up In The Air, Knocked Up and Brick.
