Hormone Repair Manual is a practical guide to feeling better in your 40s, 50s, and beyond. It explains how to navigate the change of perimenopause and relieve symptoms with natural treatments such as diet, nutritional supplements, and bioidentical hormone therapy. Topics include: Why everything is different after "second puberty." How perimenopause can be a tipping point for long-term health. The four phases of perimenopause. The role of testosterone and insulin in weight gain. How to speak with your doctor about hormone therapy including natural progesterone. Treatment protocols for all common perimenopause symptoms including night sweats, insomnia, migraines, and heavy periods. Risk reduction for osteoporosis, heart disease, and dementia. Written by best-selling author and naturopathic doctor, Lara Briden, the book is backed by evidence-based research and real-world patient stories.

Food Service Manual for Health Care Institutions offers a comprehensive review of the management and operation of health care food service departments. This third edition of the book—which has become the standard in the field of institutional and health care food service—includes the most current data on the successful management of daily operations and includes information on a wide variety of topics such as leadership, quality control, human resource management, communications, and financial control and management. This new edition also contains information on the practical operation of the food service department that has been greatly expanded and updated to help institutions better meet the needs of the customer and comply with the regulatory agencies' standards. Clear, step-by-step directions for cleaning and repairing jewelry, and setting stones. Tools and equipment, ultrasonics, steaming, electroplating, more. 268 illustrations. Presents instructions for Datsun/Nis-san pick-up trucks
